CLOSING OUT SALE AT GOLDEN RULE

SALE OPENS TODAY

One of Cloverport's Leading Merchandise Houses Having Final Closing.

The Golden Rule Store, one of Cloverport's largest merchandise concerns, is having a closing out sale which opened today. The sale will continue for thirty days under the management of Mr. M. W. France, merchandise adjuster, of Chicago.

The store belongs to the estate of the late L. Cohen, of Jeffersonville, and his widow, who is administratrix, ordered the sale so as to settle the estate.

The Golden Rule Store was established in Cloverport five years ago this summer in August when the late Mr. L. Cohen came here and purchased the stock of goods owned by the late F. Fraize. The store has been under the successful management of Mr. Cohen's daughter, Miss Nannie Cohen, for the past three years. During Mr. Cohen's life time he established a chain of nine Golden Rule Stores in Kentucky and Indiana, and the Cloverport store is next to the last one to be sold out. Mr. Cohen was in the merchandise business fifty-five years and at his death three years ago he left quite a large estate.

After the sale the remaining stock of goods will be advertised for sale as a whole.

Miss Cohen, who since she has been in Cloverport, has made many warm friends both in the business and social circles of the community and has been recognized as an able business woman. She will remain here until fall and then will go to Jeffersonville, where she will become a partner with her brother, Dr. David Cohen and take up the special study of X-ray.

500 PASTORS AT BIBLE CONFERENCE

HELD IN TELL CITY

Inter-demoniational Gathering of Ministers From Three States.

Ministers representing many denominations and about five hundred in number are attending the Tell City Bible Conference at Tell City, Ind. This is the second and final week of the conference, and it has proved such a benefit to those attending that it is planned to make the conference an annual affair. It is the first gathering of its kind held in that section of Indiana. Pastors from Kentucky, Illinois and Indiana are in attendance. The daily sessions are held in a tent under a picturesque bluff overlooking the Ohio River.

Two prominent clergymen lecturing at the Conference this week are the Rev. Dr. G. Campbell Morgan, for several years minister of Westminster chapel, England, and the Rev. Dr. William Evans, of Chicago. It is announced that there is a probability of Billy Sunday delivering a sermon at one of the sessions this week.

SOLDIER BURIED IN ROSEVILLE

PRIVATE WILLIAM ORR

Killed in Action Oct. 1918. Companion Tells of Soldier's Death at Funeral.

Fordsville, June 13. (Special)—The remains of Private William Orr, one of the heroes of the World War, arrived in Fordsville, Tuesday morning June 7, for re-interment. Orr was killed in action Oct. 29, 1918.

The funeral was held Wednesday at the Roseville cemetery where the soldier was buried beside his father. The Rev. Cragg paid a loving tribute to the fallen hero, who was a faithful worker in the church and Sunday school. One of the deceased's companions, Mr. Freel, who crossed the ocean with Private Orr, fought side by side with him and was with Orr when he was killed, spoke a few words concerning the death of his companion. Private Orr was shot through the breast and had hemorrhages. Mr. Freel dwelt on the wonderful bravery as shown by the dead soldier.

Private Orr was a member of Co. E, 18th Infantry. He is survived by his mother, Mrs. Annie Orr, and two brothers, Ernest and Carl Orr, of Roseville. Members of the family attending the funeral were: Mrs. Loyd Hall and family, of Sturgis, Ky., Robert Orr, of Luzon, Ky., Mrs. Halie Hicks, of Rockport, Ind., Mrs. F. Cossie Sims, of Central City, Arthur Orr, of Victoria and Lee Orr, of Roseville.

A WORD TO FARMERS

There is not great difference in the service which the Bank of Hardinsburg & Trust Co., renders to its farmer patrons and to customers in other lines of business.

However, the officers and directors of this bank are continually making a careful study of the financial problems which confront farmers and are therefore in a position to render them friendly and helpful service.

We want this bank to be financial headquarters for the farmers of Breckinridge county.

BETTER CATTLE PAY

A recent editorial in the New York Herald relates the way in which the Western farmers took hold of the pure bred live-stock movement. The article goes on to say:

"When you can touch the farmer's pocket there is a better chance of securing his attention than by any other means, though printer's ink has been found effective with those who buy a paper and read it."

"When the campaign for the use of pure bred sires was begun by the Department of Agriculture converts came quickly from the ranks of those who had taken short courses at agricultural schools. They saw the benefits of employing pure bred males for the improvement of stock, and many of them were already planning to replace the scrub bull or stallion with one that had a registry number. The good enough farmer whose fences needed repairing and whose implements were usually left wherever they were last used had to be moved by other influences. One influence effective in such cases is money, the need of which is ever present with the agriculturist who, lacking initiative and enterprise, has to meet his progressive brethren on common ground."

"With all such the experience of a stockman in Elko county, Nevada, ought to be convincing. He marketed grades weighing from 1,200 to 1,225 pounds each, while his neighbors were shipping scrub steers which scale between 800 and 900 pounds. The cattle were fattened on the same pastures, were out of the same type of cows, but the greater size was attained by the progeny of a pure bred bull. This same Nevada stockman in a letter to the Department at Washington says that despite such evidences of the policy's success his neighbors are slow to supplant the scrub male with one which has a number in the herd book."

Evidently some of these far Western stock raisers believe with the late Charles M. Hays, for a time head of the Southern Pacific and at the time of his death on the Titanic president of the Grand Trunk system of Canada, that nothing improves live stock like crossing it with a locomotive. Mr. Hays was a guest at one of the dinners of the Montreal Jockey Club, and when called upon for a few remarks said that he had been impressed by the remarks of those who advocated the thoroughbred cross in producing better horses. He related his experience in managing a railroad in the West before the days of fences.

"Cattle were being killed almost daily and the moment they were dead a common steer was transformed into a Shorthorn and the ordinary mule became a pure bred Andalusian. Mr. Hays said his board of directors concluded it would be cheaper to build fences than pay for live stock. They the real race began between the stockmen and the railway people, the former striving to keep just ahead of the transportation people in order to have access to the railway tracks. But if crossing with a locomotive is impossible the next best thing for the farmer who raises live stock is to buy a pure bred sire."

Thirty-five thousand churches in the United States are without pastors and only 1,450 ministers will be graduated this year. One of the objects of the \$30,000,000 campaign for the Christian Education Movement of Southern Methodists is to provide scholarship for young men to encourage more of them to study for the ministry.

We suspect that the ministers all over the country are wondering how it is that so many folks can sit in the scorching hot sun on Sunday afternoons and watch a ball game when they can't attend an hour's church service on Sunday mornings.

Breckinridge county made a good showing along with other counties in the number of pleasure cars and auto trucks as given in the Kentucky Automobile census. It speaks well for our prosperity.

A bumper wheat crop is reported. The Winter and Spring crop promises to be 43,000,000 bushels larger than last year. How long before we shall begin to look forward to cheaper flour?

The City Council of Pittsburg, Pa., has appropriated \$500 for a tablet to be placed in Federal Hill in memory of Stephen C. Foster, who lived in Pittsburg before coming to Kentucky.

It was four years ago last Friday, June 10, that our ships were being loaded with the first American fighters to go overseas.

RHEUMATISM KNOCKED OUT WITH USE OF CO-RHU-CU

Co-Rhu-Cu is no new thing, as it has been sold for many years with most remarkable success.

It has given relief to hundreds of people and its fame is fast traveling over the whole United States.

This is due to the merits of the medicine, one patient uses it and tells his neighbor about it. It works like magic absolutely scientifically eradicating the uric acid from the system.

It has not the slightest bad effect on the stomach, on the other hand one user has said it was the best thing for indigestion they had ever seen. If you are a sufferer from rheumatism read some of the following testimonials then buy a bottle of Co-Rhu-Cu.

Also get a bottle of Co-Rhu-Cu Liver Pills, the very best pill on the market for the liver, constipation, etc.

Ask your druggist for a sample of Co-Rhu-Cu Liver Pills. They will do you good and when once used you will use no other.

Both these remedies are scientifically prepared and give absolute satisfaction. We have hundreds of testimonials as to their merits, but have space at this time for one.

Read what Mr. J. E. Pryor, of Calhoun, Ky., has to say:

"I had been a sufferer with rheumatism for over two years, was on crutches for fifteen

months and of course was unable to do any kind of work at all. My friend thought there was no chance for me to get well. I tried doctors and everything that was recommended but nothing seemed to have the slightest effect on my trouble; in fact I gave up myself; I was in the depths of despair, when a friend of mine called my attention to your remedy Co-Rhu-Cu and I immediately bought a bottle and began to take it.

From the very start I could realize it did me good and after taking half a bottle I was able to go to plowing and any other work that came up. I continued its use till I had taken three or four bottles after which I can truthfully say I haven't had a symptom of the rheumatism. I have enjoyed better health since I was cured than ever before in my life. It has been over a year since I received permanent relief.

I have recommended Co-Rhu-Cu to hundreds of people and shall take pleasure in continuing to do so. I might add that all I have recommended it to have had a happy recovery from the dread disease. I certainly want to help anybody who suffers with rheumatism, out of their trouble by recommending Co-Rhu-Cu.

Hoping every sufferer from Rheumatism may get in touch with your valuable remedy, I am

SCHOOL NEWS AND VIEWS

The summer school has closed its first week and the work is progressing nicely. A splendid spirit of co-operation prevades the school, every one is doing his best work and the experiment is now practical working plan.

Miss Nell Moorman took charge of the work in the Primary Methods on Monday and will continue in the work through the remaining four weeks.

Examinations for Teachers' Elementary Certificate, State Certificate, and High School Certificate will be held at the High School building in Hardinsburg on Friday and Saturday, June 17th and 18th. The examination will begin promptly at 8:30 on Friday morning and those arriving late will not be permitted to take the examination.

Any grade of 85% or more made on any subject in one examination will be accredited to that applicant if he enters a later examination for the same kind of certificate in the same calendar year. This means that the applicant who took the May examination and failed to get the desired certificate may enter the June or September examination and omit the subjects on which he has already made 85% or more. But he must pay the regular fee. Grades will not be carried over in this way from one year till the next, but just from one examination to another in the same calendar year. Ruling of State Department.

The only town in the world which can boast of possessing more criminals than law-abiding folk is the Italian city of Artena, which is known as the City of Crime. For several hundred years nearly every criminal who has escaped prison or done time in Italy was emigrated to Artena, and today practically every inhabitant of the place is a criminal or the child of a criminal.

In computing the amount of his taxes on soft drinks a druggist in Portland, Me., uses an old trolley car register. Every time he sells a soda he pulls the cord—as the conductor did when collecting a fare—and at the end of the day all he has to do is to read the register to find out just how much he owes Uncle Sam.

CAMP TAYLOR HOSPITAL AREA

Consisting of 100 Buildings and Their Equipment
and 90 Acres of Choice Fertile Land Will Be Sold

At Absolute Auction

BEGINNING, TUESDAY, JUNE 21

And Continuing Daily Until all the Land, Buildings and Equipment are sold

The equipment in these buildings was the best obtainable and competent judges say that the lumber that went into the construction of the buildings in the Hospital Area was by far the best quality of material used in any part of the Cantonment

Plumbing Equipment

The plumbing fixtures are of the best quality obtainable. There are many porcelain slop sinks, porcelain surgical sinks, porcelain toilets and porcelain urinals, as well as numerous toilets with white enamel tanks of the low reservoir type, and bath tubs, all complete with the latest fittings.

The Buildings

The buildings are of various sizes, ranging from those a few feet square to large double wards 98x157, single wards 24x157.

These buildings are constructed of excellent material. The joists and rafters contain many high-class dimension timbers. Practically all of the buildings supported on long cedar posts.

The long corridors connecting the various hospital wards are all inclosed with glass and the expense of wrecking these buildings is comparatively small and the percentage of material that can be salvaged is high.

This Will be the Last Opportunity to secure Camp Taylor Lumber and Equipment At Your Own Price

You have heard of the bargains that were purchased at the sale of the main camp last month. This is your last chance to secure a bargain for yourself.

FINE OR FIRE LOAFERS IN UNION

NO DAY FOR LOAFERS.

Sec. of Labor Warns Big Business Not to Try to Smash Unions.

Philadelphia, June 9.—James U. Davis, Secretary of Labor, addressing the National Hardwood Lumber Association, in convention here today, sounded a warning against "efforts on the part of big business to smash labor unions." The Secretary outlined the reversal in industrial conditions in the last few years and observed that in the inevitable readjustment "the farmer was the first hit, and he should have been the last."

"Labor unions," Secretary Davis declared, "are an organic growth of the times. If you smash them you will have in their place secret radical organizations which will lead directly to the revolutionary spirit which is unsettling Europe."

"This is no day for the loafer," Mr. Davis continued. "The man who does

no work should receive no pay. The time is here when the labor union must say, 'We will not work with the shirker, who, robbing his employer, is robbing all of us.' The unions should either fine or fire loafers. If they do so the time will come when employers will demand of every employee a union card."

"Let the employer be fair to his employees and let the employees give an honest day's work."

Referring to the reversal in industrial conditions, the speaker said:

"The President and his Cabinet and Congress may be doctors, but they are not magicians. They can help industry get well, but they cannot perform miracles. We do not want a sudden rush back to boom time. We know what got us into trouble. Now let's profit by the experience and get back in the right way. The road lies through thrift, modest spending and hard work. The way to get back to prosperity is to work back."

THOUSANDS TO HEAR FIGHT NEWS BY WIRELESS TELEPHONE

Radio Reports To Be Sent During Dempsey-Carpentier Fight.

Five hundred thousand persons will listen to the Dempsey-Carpentier championship fight on July 2, over wireless telephone. Radio receiving stations in nearly 100 cities in the Eastern states have been set up in hotels, theatres, and public buildings to receive the detailed fight news while the battle is in progress. The news will also be sent to Mme. Carpentier, wife of the French champion by ocean steamers and telephoned to her home in Paris, France.

The world's highest pugilistic prize has been offered for the Dempsey-Carpentier fight, which will take place in Jersey City.

Dempsey is reported \$400 to \$500 a day charging the public to watch him train.

Carpentier weighs 174 pounds. He claims he keeps his weight and good health by drinking nothing but hot water. He doesn't drink tea, coffee, wine or beer. He is also a great vegetarian.

75 YEAR OLD RHEUMATIC THROWS AWAY HIS CRUTCHES

"I am now 75 years of age, and for a number of years have suffered with rheumatism, eczema and a severe itching. I was compelled to walk on crutches. I obtained no relief until I took Number 40 For The Rheumatism and the itching eczema is all gone. On Christmas day I laid away my crutches and get around pretty well without them. You have my permission to use this letter to advertise Number 40, as I feel that I have received great benefit and will continue the treatment, believing I will receive more, and I wish to recommend it to other like sufferers to do as I have done and

try Number 40 and get relief. With great pleasure I subscribe myself, Yours very truly, Isaac Ludwig, Delphos, Ohio, March 17, 1917." Number 40 is demanded in gouty conditions, malnutrition, poisoning, auto-intoxication, constipation, chronic rheumatism and catarrh, liver, kidney and stomach trouble, and all diseases arising from impure blood. Made by J. C. Mendenhall, Evansville, Ind., 40 years a druggist. The best druggist in your neighborhood sells Number 40, but if it happens that he does not, send direct to J. C. Mendenhall Medicine Company, Evansville, Indiana, and receive it delivered to you at \$1.25 per bottle, six bottles for \$7.00.

U. S. TUBES

The same standard of quality built into U. S. Tires is put into U. S. Tubes.

Why some men seem to have all the tire luck —

YOU probably know a man whose car is a hobby with him. He knows just why it's the best little old car there is of its class.

And he'll stand up for that car against the world in any kind of an argument.

Year by year an increasing number of men feel the same way about U. S. Tires.

For a while they may try "job lot" stuff, "bargains," "big discounts" and "rebates."

But usually it doesn't take long for a man to sense the economy of the standard quality tire.

For years U. S. Tire makers have been building quality tires for sane tire users—for the car of medium or light weight no less than for the heavy car.

The tire buyers of the land have responded with a mighty U. S. Tire following.

The U. S. Tire makers meet the responsibility for supplying this nationwide following with characteristic energy.

Ninety-two U. S. Factory Branches are established, covering the entire country.

Find the U. S. Tire dealer who has the intention of serving you. You will know him by his full, completely sized line of fresh, live U. S. Tires—quality first, and the same choice of size, tread and type as in the biggest cities of the land.

LARGER YIELD OF WHEAT INDICATED

Spring Crop Estimate Placed At 43,000,000 Bushels More Than 1920's.

Washington.—The country's combined winter and spring wheat crop promises to be 43,000,000 bushels larger than last year's based on forecasts of production announced today by the Department of Agriculture. There will be smaller crops of oats, barley and hay than were harvested last year while the apple crop will not be half so large as that of 1920 and the peach crop will be much smaller than last year.

Winter wheat, which a month ago promised a crop of 629,000,000 bushels, came through May in bad shape in several of the important producing States and as a result the forecast of production showed a reduction of 51,000,000 bushels, bringing the total to the same quantity as produced last year. Kansas, premier wheat State, reported a decline in the condition of the crop from 84% of a normal on May 1, to 60 on June 1, which resulted in a reduction in that State's forecast by 33,000,000 bushels. In Ne-

braska the condition dropped from 92 to 75 and in Oklahoma from 84 to 70. The spring wheat crop forecast indicates 43,000,000 bushels more than last year's crop. The condition of the crop is better than a year ago while the acreage is somewhat smaller than last year. An acre yield of 13.9 bushels is forecast compared with 10.8 bushels last year.

Figures on other crops follow:
Oats—Production 1,405,000,000; condition 85.7; acreage 44,829,000.
Barley—Production 191,000,000; condition 87.1; acreage 7,713,000.
Rye—Production 71,000,000; condition 90.3.
Hay—Production 101,000,000; condition 85.
Apples—Production 108,000,000; condition 41.8.
Peaches—Production 31,700,000; condition 45.5.

ARMY OF ANTS THREAT-EN DESTRUCTION ON \$100,000 BUILDING IN KANS.

Wichita, Kans., June 8.—Hordes of ants, driving upward from the earth through mud tubes, are threatening destruction to the \$100,000 Exchange Building at the stock yards here. Oaken lumber stored under the building has been practically consumed and the ants have driven their way up along pipe lines to the woodwork of the west end of the structure, which they have tunneled as far as the second floor.

Washington entomologists have identified the ravaging visitors as an Australian or South American ant, which drives in armies, overwhelming in time any wood structures in its path. The cattle in the stock yards seem to be free from attacks.

An attempt to stop activities of the pests by placing fly paper in their path was frustrated when the ants built a dirt bridge across the obstruction and continued their operations. By insulation and shutting off the ants' return to the ground it is that the army can be exterminated.

NO SUNDAY GOLF FOR HARDING.

Washington, June 8.—President Harding is not going to play golf on Sunday with a golf Cabinet of former associates in the Senate.

The White House today made such a report originating at the Capitol, the occasion to state again that the President does not go golfing on Sundays.

RAILROADS HARD HIT BY FLOOD

3 ROADS SUFFER LOSS

General Summary of Conditions in Pueblo Since Disasterous Flood.

Pueblo, Colo., June 7.—Flood damage to three principal railroads entering Pueblo will aggregate \$4,500,000, according to an estimate made today by H. A. Tice, division superintendent of the Atchison, Topeka & Santa Fe. He estimated the damage to his road at \$2,000,000, that of the Missouri Pacific at \$1,000,000, that of the Denver & Rio Grande at \$1,500,000.

The known dead in the flood tonight stood at 55.

The Colorado Rangers today posted a list containing the names of 27 persons who are missing.

Both the Pueblo Star-Journal and the Pueblo Chieftain are publishing under difficulties. Until today they were printed on billposter paper on hand presses. The Chieftain today had a four-page paper, four columns wide. Both papers are getting the Associated Press leased-wire service from a wire set up in a hallway of the First Baptist Church, which also is temporary headquarters for the telephone company. Several telephones are now in operation.

A committee of real estate men today estimated the property damage in Pueblo from the flood at between \$15,000,000 and \$20,000,000. This damage was an appraisal of the buildings and contents.

The military order requiring all able-bodied men to report for work brought out a large force today and the volunteers were put to work in various capacities.

Red Cross officials estimate that the death toll will mount when a complete count is possible.

Robert S. Gast, chairman of the city relief committee, gave the following summary of the present conditions in Pueblo:

The gas plant is entirely out of commission.

No ice factory is in operation. The two water systems are only partially functioning.

The lighting system is out of operation, with the exception of a few street lights.

A broken levee lets the water into the city whenever there is any rise.

Present conditions indicate the estimate of 50 killed is as good as any.

Four bodies have been recovered and a total of 22 is known to be dead in the towns of Avondale, Vineland and Boone, and the district between Pueblo and Boone, 20 miles down the river, according to a report received today from Rander E. L. Trumstine.

Numerous false reports of dams breaking and approaching flood waters have kept the nerves of the city on edge since Friday night, and the planes will also be used to investigate reports.

The Red Cross Field Hospital will be able to accommodate 250 patients. The tent colony will handle homeless flood sufferers in a scientific and sanitary manner. Relief workers will search out families in need of help.

Danger of pestilence as a result of the flood, has passed, according to officials of the United States Public Health Service. There is plenty of food; shelter has been provided in a refuge camp to remove the congestion in churches, schools and private homes, and an army of men has been at work clearing the streets of debris removing dead animals and clearing out the business places.

Part of the city is again electrically lighted. The gas company has preparations nearly complete for supplying gas for heat and light. The city water plant is functioning and tomorrow a water-purifier will prepare for consumption 5,000,000 gallons of water daily.

Only two cases of diphtheria have developed within the last two days.

The city has been remarkably free from lawlessness under the circumstances. Only a few arrests have been made for looting. Occasional shots have been fired, but the only fatality from this source, occurring last night, was not from the weapon of any member of the night patrol, according to a careful investigation made by the military authorities under the direct supervision of Adj. Gen. Patrick J. Hamrock.

Every patrol within several blocks of the tragedy which caused the death of E. E. Withers, prominent business man, was examined. The weapons and ammunition of each guard were inspected and showed that no shot had been fired from any of their guns.

Charles Cooper of Eau Claire, Wis., who was retired from the Postal Service under the law at the age of 71, had traveled more than 2,000,000 miles in 44 years as a railway mail clerk without seeing anything like a wreck or once missing a train.

THIS MAN DREADED TO SEE NIGHT COME

Was So Restless He Couldn't Sleep And Daylight Was Always Welcome.

"With the exception of a little milk toast, which comprised my diet for more than eight weeks, I could not eat anything," said Capt. Geo. W. Womble, residing at 103 Jennings St., Knoxville, Tenn., a highly respected citizen of this city.

"I am now able," continued Captain Womble, "after taking two bottles of Tanlac, to eat practically anything. I had a bad form of stomach and intestinal trouble for a long time and for months my condition had been such that I suffered agony. I got so I could not eat the simplest food. I tried doctor after doctor and all kinds of medicine but nothing that was prescribed for me seemed to do me any good. I had a terrible pain in my breast just over my heart and for weeks and weeks I got no relief."

"I finally got so nervous that I actually dreaded to see night come as I could not sleep and was always so restless that I would rejoice to see daylight come. I was also constipated all of the time. In fact, life seemed a burden and I was so miserable that I was almost on the verge of despair. Several of my neighbors told me about Tanlac and advised me to try it."

"I am personally acquainted with Mr. Dan M. Chambliss, of the firm of Kuhlman & Chambliss, and when I told him of my condition and how I suffered he advised me to begin taking Tanlac without delay and that it had relieved hundreds of the best people in Knoxville. I have now taken two bottles of Tanlac and am giving you this testimonial in the hope that it may induce others to take it. Since taking this medicine I actually feel like I had been made all over again with the youth, energy and ambition of a sixteen year old boy."—Advertisement.

WEDDING ANNOUNCED ON PICTURE SCREEN.

Mr. and Mrs. Guy Ranney, the latter formerly Miss Ella Hopper, gave their many friends quite a surprise Saturday night when the announcement of their marriage on May 12th, was flashed on the screen in the Theatre at Simmons, where each of them are and have for some time, been holding positions with the Broadway Coal Mining Co.

Mr. and Mrs. Ranney are much admired by a wide circle of friends and acquaintances whose wishes are for their ever success.—Hartford Herald.

KY. FARMERS PLEDGING TOBACCO FOR CO-OPERATIVE MARKETING

More Than 1,500,000 Pounds of Burley Pledged.

Louisville, Ky., June 9.—More than 1,500,000 pounds of Burley tobacco have been pledged to the proposed Cooperative Marketing association in Carroll and surrounding counties, Ralph M. Barker, member of the organization committee, announced at the head-quarters of the association here today. The signing of the contract has been carried on in that section, he said, since the meeting there Saturday.

The spread of the signing is expected by Mr. Barker to be greatly accelerated next week by addresses of Aaron Sapiro, marketing expert of California, at five points in Central Kentucky, including Monday, Shelbyville; Tuesday, Richmond; Wednesday, Cynthiana; Thursday, Maysville, Saturday, Lexington.

Judge Robert Bingham, Louisville will speak at Danville, Friday.

The contracts of the association will be offered at each of these meetings.

CARUSO LANDED AT NAPLES IN FINE SPIRITS.

Naples, June 9.—Enrico Caruso, noted opera singer, arrived here today on the steamship President Wilson and was met by throngs of friends and admirers anxious to have an exact account of his condition.

The singer appeared in a jolly mood and said he had come to Italy to have a perfect rest among his native people. He added that his voyage across the Atlantic had greatly contributed toward recuperation of his strength and vigor and that now he feels completely fit.

Mr. Caruso said he hoped to return to America ready to sing again next autumn.

In Siam some of the women intrust their children to the care of elephant nurses and it is said that the trust is never betrayed. The babies play about the huge feet of the elephants, who are very careful never to hurt their little charges.

EUROPE SHOWS STEADY PROGRESS

Conditions in General Are Improved. Clothing Only Exception.

Washington, June 6.—Steady economic improvement in Europe, outside of Bolshevik Russia, is indicated by the progress made in repealing restrictions on consumption. Secretary Hoover said today. Food rationing has been abandoned in most countries.

Clothing is the exception to the general progress toward readjustment Mr. Hoover said, adding: "The clothing of the people in central and eastern Europe is worse than even at the armistice. It is reasonable to be expected that the next step will be improvement in clothing. Such an assumption implies larger consumption and imports of textiles."

Except for the British and Silesian coal strikers, there has been great improvement in production and distribution of coal. Transportation is so far advanced as to approximately serve commercial necessities.

The shafts of the Cerro de Pasco mine in Peru, which are the principal copper mining works of South America, are located at an altitude of 14,000 feet. It is the highest mine of its kind in the world, and the highest railroad in the world had to be built to reach it.

Of Personal InterestPretty June Wedding
In St. Rose Church.

On Tuesday morning at 8 o'clock in the St. Rose church, Miss Celestia Brown was married to Mr. John G. Atwater, Jr., of St. Augustine, Fla. The double ring ceremony was used in the nuptial high mass said by the Rev. Father Henry, rector of St. Rose.

Mrs. E. P. Kelly, of Hawesville, played the wedding music for the St. Rose choir of which Miss Brown had been director for six years. The church altar was decorated in pink and white roses.

The only attendants were the maid of honor, Miss Dessie Brown, a sister of the bride, and Mr. Harry Cut-singer acted as best man.

After the ceremony a wedding breakfast was served at the home of the bride's parents, Mr. and Mrs. Julian H. Brown, for members of the bridal party and the two families.

The bride was becomingly gowned in a grey georgette trimmed in silk fringe of the same color. Her hat was grey with blue trimmings. She carried a loose arm bouquet of pink Kilarney roses.

The maid of honor wore a pink organdie dress with a pink organdie hat. Her flowers were red roses.

Mr. and Mrs. Atwater left on the morning train for a short wedding trip after which they will return here and will motor through to St. Augustine, their home. Mr. Atwater was in the army service during the war. Soon after the close of the war he came to Cloverport with a recruiting outfit where he met his bride.

Me-o-my,
 how you'll take to
 a pipe—and P. A.!

Before you're a day older you want to let the idea slip under your hat that this is the open season to start something with a joy'us jimmy pipe—and some Prince Albert!

Because, a pipe packed with Prince Albert satisfies a man as he was never satisfied before—and keeps him satisfied! And, you can prove it! Why—P. A.'s flavor and fragrance and coolness and its freedom

from bite and parch (cut out by our exclusive patented process) are a revelation to the man who never could get acquainted with a pipe! P. A. has made a pipe a thing of joy to four men where one was smoked before!

Ever roll up a cigarette with Prince Albert? Man, man—but you've got a party coming your way! Talk about a cigarette smoke; we tell you it's a peach!

Prince Albert is sold in every red bag, tidy red tin, handsome pound and half pound tins, handsome and tin, pound crystal glass humidifier with sponge moisture top.
